## Kairos and Antonius

October 26, 2026

Hello,

Thank you so much for your prayers and financial support; may God bless you as you continue to pray for us.

Here is a quick update about a couple pieces of information we now have:

Praise the Lord, we finally received baby Antonius' birth certificate from the state of South Dakota and his SSN from the Social Security Administration. We filled out the passport application and sent it in today (Oct.26th)! We paid for an expedited passport and are praying that it comes to us in 2 weeks. Please pray for the passport paperwork and issuance to go smoothly and quickly.

This allows us to start making plans for our survey trip to Poland and Lithuania! We are very excited to see what God has for us on this trip. We are hoping to take it yet this year and announce our new field of service in December. Please pray that God will solidify in our hearts and mind, the field in which He would have us serve.

In addition, I was able to meet with our European field and finance directors at headquarters. They were able to give us a very accurate financial requirement assessment for the area of Europe we are praying about. It looks like our regular monthly support will need to be increased about $1,200. The primary increase will be for our housing allowance; housing is more expensive in North Eastern Europe than what we had raised for West Africa. We have also lost about $500 of our regular monthly support since returning from Togo. Please pray that God provides for us financially, just like he did when we served in Ghana and Togo.

Thank you so much for your prayers. Changes create lots of questions, so please reach out with yours as we continue to pursue God's will in our country of service. Thank you!
