

Arnie & Rubenita Johnson

Mozambique

Enter into His gates with thanksgiving, and into his courts with praise. Sing praises unto Him and bless his holy name. Psalm 100:4

With our thanksgiving, we praise the Lord for the birth of our daughter Joanna Maria Santos Johnson, born on October 9th. We are thankful that the pregnancy was able to pass relatively well (even though Rubenita had high blood pressure and signs of pre-eclampsy during the last trimester and the first month after birth). Thankfully, with medication, it was controlled, and mother and daughter are doing great. All of the signs related to Joanna's development are normal and healthy. Praise the Lord!
