From Ruth Haynie

Thank you to my supporters!

This picture was taken last Sunday. I had three in my Sunday School Class.

As I write this letter, we have high school students and their sponsors visiting Cornerstone. They sat in classes this morning and will be doing lots of fun activities after lunch. Our Singers and Ringers performed for our guests.

The end of this semester is only about 5 weeks away. Everyone is busily working on things. The teachers are also working on next semester's classes along with doing this semester's work.

This second picture is Josiah Huntington (Lydia's brother). He does our website and sound system. He is always so helpful whenever anyone has need of a helper. He is a junior so we are pleased to know that we will have him for one more year.

Keep praying for a president for Cornerstone.

We also need help in the CBI kitchen - specifically a kitchen manager - which involves a lot of work! Pray for God to provide someone.

Keep praying also for God to send us young people for faculty and staff. I would really like someone to train to do the library, the bookstore, the Alumni, the Amazon business, and Courier Newsletter. Please pray specifically about these things.

Sincerely,

Ruth J. Haynie

This picture was taken last Sunday at my church when the CBI Singers and Ringers did their first weekend presentation.
