This has been a busy year. I was sick and recovering in January and February. I had lots of visitors this last summer. Bonnie's husband passed away in April and she came to join me in Hot Springs in May. We got me a younger car, a Ford Escape. It has been a struggle to get it running well, but now it seems to be okay. Caroline and Roy came for her birthday in May and Bonnie and I celebrated my birthday together in August.

**Bible Club** began the end of August. We have had 16 children (when none are ill or out of town). They have been learning verses from the book of John and we are also working on the Books of the Bible. The children do really well on their memory work. We started with the Abeka **Salvation Series** and then went to lessons on **God's Power**. We are finishing up this semester with **Christmas** (The Promised One and Luke 2).

Our first missionary lesson was a series on

**Gladys Alyward**. We then went to **Martin and Gracia Burnham**. We are finishing up with the Pink Pig (giving to God) and A Day to Remember (2004 Tsunami in Sri Lanka).

**Ladies Bible Study** has had from 5-8 ladies and the study is now in the book of James.

We love to celebrate Christmas as the coming of Emmanuel (God with us). He came for the express purpose of dying for our sins. What a blessed Savior!
