

Arnie & Rubenita Johnson

MOZAMBIQUE

September 26, 2024

This has been another busy several months. We have been able to see progress in several areas. We have passed on our responsibility in field administration. We have checked the first chunk in Genesis, with progress on pre checking the rest with our Bible Lesson Team. We have drafted Mark and Acts, with lots of checking to follow. We have had a test class for literacy, and are now in the middle of a second group. We have seen progress with pastors taking a class on chronological Bible teaching right now. We have been able to distribute portions of the Bible, and about 200 books that give a short chronology of the Bible.

Looking ahead, we are planning on having a furlough, starting in November. We hope to spend about 4 months in Brazil and 4 in the USA, depending on our visa renewal process. Our last furlough was quite short, so we look forward to having more time with family and supporting churches.

Prayer requests:

- Pray for the continued progress on Bible Translation.
- Pray for continued progress in literacy and Bible teaching.
- Pray for us to have a fruitful furlough.
- Pray for Mozambican churches to partner with us in church planting.

In Christ,

Arnie, Rubenita and Joanna Johnson
