

Arnie & Rubenita Johnson

MOZAMBIQUE

December 2024

As we think about this Christmas season, it is easy to repeat the same things we say as each year comes to a close and forget that the stories told about the first Christmas really happened, and that they are historical fact. That is why it is important to remember that Christmas is not a time to celebrate things that we accomplished this year. Instead, it is a time to remember what God did about 2000 years ago.

God demonstrated what His plan was for the baby Jesus through fulfilled prophecy, special stars, and angels in the sky. His plan was and is to save a people for Himself out of all nations. He invites us to enjoy this privilege by trusting in the death and resurrection of that same Jesus who was born at Christmas.

We are thankful for the prayer and support from all of you.

We are spending the end of the year in Brazil.

We ask prayer for Mozambique, which is at a difficult moment in history.

We ask prayer for our travel next year.

Finally, let us all pray that more people may hear the good news of Jesus.

In Christ,

Arnie, Rubenita and Joanna Johnson
