

God is full of Grace!

Monthly Feature: US Return, Family, Field Search

Looking Back

After a long and exhausting flight, we made it back to the United States in early April. We enjoyed a few recovery days with Andrew's brother and family before driving to Hutchinson, Kansas where we spent the following weeks. We were blessed to be hosted by Robert and Alicia Courtney (Rebecca's sister's family). It was nice to enjoy some of the

Rebecca's Family

blessings of being back in our home country. It took some time to readjust and recover especially as our bodies were prone to sickness for the first few weeks.

Rebecca had an anatomy scan for our new baby and we found out he is a boy! Hooray! Praise the Lord for this new blessing!

We visited two of our supporting churches while in the Hutchinson area and served in music ministry at Union Valley Bible Church. We

also reconnected with some of our supporters and friends. Rebecca's sister, Jessica, got married on May 16th. We enjoyed seeing friends and family who came out for the celebration. **Please pray** with us for the new marriage of Duncan and Jessica. Following the wedding, we packed up and traveled north to spend a few days with Andrew's family in Nebraska while on our way to South Dakota. It was such a blessing to see them again! We arrived to Hot Springs, South Dakota on May 23rd. It was such a blessing to be at our home church and see so many dear friends and family that Sunday. Andrew was

Flying Home!

further blessed to preach the following Sunday. This month, we have been settling into our current home as we were counseled to continue our field search from here as we prepare for the arrival of baby #2. Andrew has been excited to jump in and serve with many ministry

opportunities at Calvary. He has also volunteered to help one of the assistant pastors at church with some odd jobs a couple days a week. Rebecca is staying busy with raising Kairos and caring for our home. This month, Andrew made a trip to Southern Kansas to help a pastor relocate a Piper Tri-Pacer, a small single engine plane used for ministry in the Appalachians. They flew a C182 out to eastern Kentucky, Andrew did an inspection of the Tri-Pacer, and they flew it back to its new home in Oklahoma.

What's Ahead

Thank you for praying with us for God's direction. We found out we will not be serving in South Africa. **Please continue to pray** with us as we actively pursue other fields. We are exploring church planting needs in South America, Eastern Europe, and Africa. **Please pray** for wisdom and clarity as we meet with our leaders and potential fields. **Please pray** for us as we serve where God has placed us in this time of waiting. We are so thankful for your care and support for us!
